In all libraries, outdated, unwanted, or damaged books must be removed or weeded from the collection on a regular basis. But what do we do with these materials? A large portion of these books are given to the Friends of the Largo Library to sell in the bookstore and at bi-annual book sales, but the amount of weeded materials in addition to generous book donations can be overwhelming to our Friends volunteers. This year, Largo Public Library will take part as an early adopter in the new Sustainable Shelves program through the book vendor Baker & Taylor. In this program, the library can get paid directly by the book vendor for weeded materials. The vendor determines which books have value and which don’t, pays the library for them and then picks up all weeded materials. The resale and recycle method of materials maintenance keeps books in the hands of readers and out of landfills. In addition, the money earned from the resale of these books through both the Friends of the Library and the Sustainable Shelves program helps support library programs, services, and initiatives. As an early adopter of this process, Largo Public Library hopes to take a sustainable step forward while maintaining a book collection that is relevant to the community.

In the last month, The Greater Largo Library Foundation has been busy with two successful online events. Our first ever Art Hops Virtual Auction was so much fun! It was a week long, action packed auction, with new items released every day and many final-day bidding battles. Congratulations to all of our winners! Here is just one participant, Dr. Ronald Tucker, who won the men’s bicycle donated by Regions Bank in the La Belle Plaza, Clearwater. Thank you to all of our donors, participants, and winners! We also had a successful Giving Tuesday Now on May 5th. Thanks to the generosity of our community, we were able to reach our One Day, One Thousand Dollars campaign goal! We are so proud of our ability to support the programs and services at the Largo Public Library, and we’re so happy to stay connected with all of you. Please visit the Greater Largo Library Foundation’s website for updates on our next virtual auction, or to donate to our on-going Library Champions giving campaign: www.gllf.org.

The Library Director’s “Big, Bodacious Bookmobile Tour”

I had the opportunity to join our fantastic library outreach staff on their bookmobile rounds the last two weeks of January. It was not only to celebrate the one year anniversary of the service, but it also gave me the chance to hear feedback first hand. I also had a glimpse of a day in the life of the staff who put their hearts into this amazing service. What I learned was that there isn’t a dissatisfied patron among the group. Who doesn’t love the convenience of a rolling library that returns every two weeks with the latest best selling books in regular print, large print and audio? New books and old moves largely please our older patrons. Children love the experience of coming on board and choosing a book to read. All patrons appreciate the reassurance of friendly staff and the commitment of the City of Largo and the Greater Largo Library Foundation to provide funding to continue the service. A staff member at one of the bookmobile stops summed it up when she said, “Thank you for bringing our residents joy!”

Teen Book Quick Picks

Rachel’s Pick: Rebel Seoul by Ayse Oh

Lee Jonseon, ex-gang member, was recruited and assigned to watch over Tera, the government's test subject. The reserved Tera opens up to him over time and they develop a love while being conflicted with where they stand in the government's rebellion. I enjoyed this because it was filled with action yet was balanced with emotion.

Zaria’s Pick: Reborn! (Kaito yu Hitman Reborn!) by Akira Amano

Absolute Masterpiece. A real underdog story about a lame middle school kid who mysteriously finds a tutor that happens to be a world class mafia hit-man named Reborn. That isn’t even the crazy part... he’s being born into the most renowned mafia family, the Vongola... And he’s their boss!

Lucas’s Pick: Eldest by Christopher Paolini

If you have read Eragon, then your journey will take you to the sequel and book 2 of the Inheritance Cycle, where the story continues and more plots unfold.

Alyssa’s Pick: Peter and the Starcatchers by Dave Barry and Ridley Pearson

Peter and the Starcatchers is an adventure from cover to cover. I love this new take on Peter Pan’s classic story because it shows us parts of Peter and Neverland that the animated movie doesn’t show. Peter is a cheeky and delightful narrator and he’ll keep you hooked until the end of the series. If you love thrilling takes on nostalgic tales, this is the series for you.
